A global leader that has evolved from a local manufacturer of electrical products into an integrated infrastructure solutions provider; with over 19,000 employees and with recorded revenues of more than USD 5 Billion in 2023.

ELSEWEDY ELECTRIC

WE OPERATE IN SIX KEY BUSINESS SECTORS

With a strong presence in 19 different countries, 34 production facilities spread across African and Asian countries including Egypt, Algeria, KSA, Qatar, Indonesia, Pakistan, and Tanzania.

Wire, Cables and Accessories

Electrical Products

Engineering and Construction

Digital Solutions

Infrastructure Investments

Building Solutions

We export a wide range of high-end products to over 100 countries worldwide. At the heart of our approach is an all-in-one integrated Engineering, Procurement & Construction (EPC) service, enabling us to deliver the most complex turnkey projects on time and with the highest efficiency.

Uptime Certified Engineers

We are dedicated to the highest standards of design, supply, installation, testing, and commissioning, supported by experienced operations and maintenance teams that ensure long-term performance and reliability delivering certified data centers.

DATA CENTER

Our expertise and capabilities are fully dedicated to delivering efficient solutions and optimised project outcomes. Built on a foundation of design excellence, precise execution, and operational reliability, Elsewedy Digital brings together a highly certified in-house engineering team and strategic partnerships with leading consultants and technology providers. Supported by strong vendor relationships, efficient procurement, and backed by Elsewedy Electric's extensive manufacturing capabilities and decades of engineering experience, Elsewedy Digital delivers solutions built on proven expertise and technical excellence, we deliver cutting-edge, vendor-neutral solutions tailored to diverse client requirements.

Our project management expertise ensures the seamless delivery of large-scale and complex projects through rigorous planning, transparent reporting, and proven coordination methodologies.

FROM CONCEPT TO COMMISSIONING, WE DELIVER INFRASTRUCTURE BUILT TO PERFORM.
